| Technical Specifications |                                  |
|--------------------------|----------------------------------|
| Name                     | Pedal Go Kart                    |
| Materials                | Steel, PP, PVC                   |
| Functions                | Forward, Reverse, turning, brake |
| Braking Way              | Pedal brake                      |
| Kart Size                | 63 x 33 x 40 cm                  |
| Carton Size              | 61 x 21 x 36 cm                  |
| GW/NW                    | 4.6/3.8 kg                       |
| Max Loading Capacity     | 30 kg                            |

### **SAFE OPERATION:**

|                                                                                 |
|---------------------------------------------------------------------------------|
| This product must be assembled by an adult and checked by an adult before use   |
| Ensure nuts and bolts remain securely fastened before use                       |
| Lubricate the chain often                                                       |
| Ensure the tires are pumped up before use – use hand pump only (maximum 30 PSI) |
| Perform a brake test before use                                                 |
| Do not store in direct sunlight                                                 |

### **Execution Standard:**

EN71 -1: 2014 for mechanical and physical properties;

EN71-2: 2011+A1:2014 flammability test;

EN71-3:2013+A2: 2017 for migration of certain elements

Phthalates content requirement in REACH(EC) NO. 1907/2006&Amendment NO. 552/2009

Cadmium content requirement in REACH(EC) NO. 1907/2006

Polycyclic Aromatic Hydrocarbons(PAHs) content in REACH Regulation(EC) No.1907/2006&amendment(EU) No. 1272/2013

Manufactured in China
